

Annex B (normative): Life cycle flow chart

**(Provisional Translation) PA-AI-04,
Hams and Sausages (July 28, 2011)**

* Calculate up to and including recycling preparation process.

* Processes related to fuels and electricity are omitted from this flow chart since they are common to the all life cycle stages.

* The sales process is provisionally excluded from the assessment until its proper calculation method is finally established, since the basic rules was revised on July, 2010.

* The flows of treating wastes and recycled items other than in the waste and recycling stage are omitted from this flow chart.
