

Detailed Information

1. CFP labeled product information		
1.1	Verification ID	CV-AC-002
1.2	Product name	TOPVALU Super Clean White gift package
1.3	Product model	N/A
1.4	General specification of the product: <ul style="list-style-type: none"> ◆ Name of product: synthetic detergent (laundry detergent) ◆ Application: cotton, linen, synthetic fabric ◆ pH: alkalescent ◆ Content: 8 boxes of TOPVALU Super Clean White (net weight per box: 1.0kg) ◆ Gift package: 8 boxes of TOPVALU Super Clean White are packed in a carton box 	

2. Company information		
2.1	Company name	AEON Co., Ltd.

3. Information related to CO ₂ e emissions			
3.1	CO ₂ e emissions for each life-cycle stage		
	Raw material acquisition	1.70E+01	kg-CO ₂ e
	Production	1.99E-01	kg-CO ₂ e
	Distribution/sales	2.28E+00	kg-CO ₂ e
	Use/maintenance control	1.66E+01	kg-CO ₂ e
	Disposal/recycling	1.51E-01	kg-CO ₂ e
3.2	Total emissions	51.1kg	
3.3	Additional information: <ul style="list-style-type: none"> ◆ CO₂ emissions per box: 6.4g ◆ CO₂ emissions per wash: 255g ◆ Percentages of production, distribution & sales, and use & disposal are indicated by a pie chart. <p>[Pie chart image]</p> <div style="text-align: center;"> <p>The pie chart is divided into three segments: a small white segment for Production (1.99E-01 kg-CO₂e), a larger green segment for Distribution & Sales (2.28E+00 kg-CO₂e), and the largest green segment for Use & Disposal (1.66E+01 kg-CO₂e). A magnifying glass is positioned over the chart with a percentage sign (%).</p> </div>		
3.4	Remarks:		

4. Approved PCRs and database of GHG emission factors		
4.1	Approved PCR name	Powdered laundry detergent
4.2	Approved PCR ID	PA-AC-01
4.3	Name of database of GHG emission factors	Tentative Database of GHG Emission Factors for the CFP Pilot Project
